*****NEWS RELEASE*****

Biannual Vegetation Control Along County Roadway Guardrail

The Hamilton County Engineer's Office anticipates commencing with the fall spraying around guardrail to begin the week of September 22nd. The work will be done on county roads outside of incorporated areas. This operation is necessary to control vegetation growth in order to provide maximum visibility and preserve the pavement for the safety of the travelling public. The fall spraying operation is expected to continue for approximately 2 weeks, weather permitting.

Questions or comments should be directed to the Hamilton County Engineer's Office care of Patrick Cagle, Pavement Manager at 513-946-8433. Please do not respond to this email.
