

**PROJECT DESCRIPTIONS
FOR PROGRAM YEAR 2004
DISTRICT 2 - HAMILTON COUNTY
STATE CAPITAL IMPROVEMENT PROGRAM
(SCIP) PROJECTS**

- 1) Hamilton County/Delhi Township – Greenwell/Glenroy/Schroer Road Improvement/Drainage Mitigation Project - Estimated cost of \$1,450,000.00. Project limits are the entire length of Glenroy and Schroer Avenues and Greenwell Road from Delhi Pike to Mt. Alverno Road. Project consists of (Glenroy & Schroer) full depth removal and replacement of roadway and curbs, rolled concrete curb and gutter, underdrains, sidewalk and driveway entrance replacement; (Greenwell) rehabilitation of existing pavement, installation of a new storm sewer system which will pick up ditch drainage and overland flow and place that drainage within an enclosed storm sewer system designed to convey all storm drainage into a stormwater collection basin at the end of Schroer Avenue. The basin will be built on the footprint of properties on the western edge of Schroer Avenue. A grant of \$1,305,000.00 was approved for this project. Construction is to be complete by December 31, 2005.
- 2) Springfield Township – Valleydale Street Reconstruction - Estimated cost of \$1,085,000.00. Project limits are entire lengths of Marley Street, Jadwin Street, Newbury Street, Roland Street, Banbury Street, and Mayfair Drive. Project consists of removal of existing pavement to subgrade, undercut and repair subgrade, rebuild catch basins and repair/replace storm pipe where necessary, geogrid fabric, resurface with asphalt concrete. A grant of \$976,500.00 was approved for the project. Construction is expected to be completed by December 31, 2005.
- 3) Loveland – Oak, Cedar, Ruth and Robin Stormwater, Road, and Water Improvements - Estimated cost of \$1,329,200.00. Project limits are Cedar Drive from Paxton Avenue to the corporate limits; Oak Street from Cedar Drive to Loveland-Miamiville Road; Ruth Avenue and Robin Avenue. Project consists of new curb and gutters, new catch basins, new storm sewers, widening of Cedar, Oak Ruth and Robin Streets to current standards, install new water lines and fire hydrants. A grant of \$664,600.00 was approved for this project. Construction is to be complete by June 3, 2005.
- 4) Columbia Township – Ehrling Avenue Reconstruction - Estimated cost of \$500,000.00. Project limits are entire length of Ehrling Avenue. Project consists of full depth removal and replacement of existing pavement and curbs; new storm sewers/catch basins. A grant of \$250,000.00 was approved for this project. Construction is to be complete by December 31, 2005.
- 5) Wyoming – Rolling Hills Subdivision Improvements - Estimated cost of \$1,200,000.00. Project limits are the entire length of Rolling Hills Drive, Rolling Hills Court, Evergreen Circle and Evergreen Court. Project consists of full depth pavement removal and replacement, new storm catch basins, and upgraded storm sewer system. A grant of 600,000.00 was approved for this project. Construction is to be complete by December 31, 2005.

- 6) Anderson Township – Forestlake Drive Reconstruction – Estimated cost of \$353,250.00. Project limits are from Lancelot Drive to end terminus. Project consists of full depth pavement removal and replacement, new curb and gutters, and a new storm sewer system. A grant of \$176,625.00 was approved for the project. Construction is to be complete by December 31, 2005.
- 7) Cincinnati – River Road Improvements - Estimated Cost of \$3,700,000.00. Project limits are from Dart Street to Illinois Avenue. Project consists of changing the alignment of the roadway at the intersection with Hillside Avenue; curb repair; grind and resurface remaining pavement with asphaltic concrete. A grant of \$2,220,000.00 was approved for the project. Construction is to be complete by December 31, 2005.
- 8) Cincinnati – Madison Road Rehabilitation - Estimated cost of \$1,000,000.00. Project limits are from Edwards Road to Brotherton Road. Project consists of full depth base repairs, curb replacement repairs to existing storm sewer system, and resurfacing with asphaltic concrete. A loan of \$600,000.00 was approved for this project. Construction is to be complete by December 31, 2005.
- 9) Cincinnati Water Works – County Wide Water Main Improvements - Estimated cost of \$9,211,379.00. Project limits vary throughout Hamilton County. Project consists of replacement of 147 existing water mains and construction of 4 new mains. A grant in the form of Loan Assistance of \$990,000.00 was approved for this project. Construction is to be complete by December 31, 2005.

The following projects are funded from the Revolving Loan Program, which funds projects from repayment of previous loans.

- 10) Loveland – 4” Waterline Replacement - Estimated cost of \$392,500.00. Project limits are Walker, Williams and Wakefield Streets. Project consists of replacing the existing 4” waterlines with new 8” waterlines, installing new fire hydrants, and pavement restoration. A loan of \$392,500.00 was approved for this project. Construction is to be complete by June 30, 2005.
- 11) Cincinnati – Harrison Avenue Water Main Replacement - Estimated cost of \$1,400,000.00. Project limits are Adler Street to Fairmount Drive. Project consists of replacing a 24” water transmission main with a 36” transmission main. A loan of \$980,000.00 was approved for this project. Construction is to be complete by December 1, 2005.
