### 3 Subgrantee Information

#### Instructions

Complete this table for all subgrantees and contractors receiving HPRP funds.

- Please complete it for all "first-tier" subgrantees only. That is, subgrantees of subgrantees or vendors hired by a subgrantee do not need to be reported on this screen.
- If a metropolitan city or urban county did not subgrant or subcontract a portion of HPRP funds, simply enter the total amount of the grant in the row labeled "Funds Retained by Grantee."
- Please note that Section I.B. of the HPRP Notice defines subgrantees as any private non-profit organization or unit of general local government to which a grantee provides funds to carry out the eligible activities under the grant and which is accountable to the grantee for the use of the funds provided. An agency of the grantee is not a separate unit of general local government to which the grantee can provide HPRP funds; rather, it is a representative of the grantee itself.

**Subtotal of Subawards: \$1,393,085**

**Funds Retained by Grantee: \$3,536**

## 4 Combined HMIS and Comparable Database Data Quality

**Instructions:**

Report the number of clients served during this reporting period, as well as the number of adults served, unaccompanied youth served, and total clients leaving during the reporting period. Then report the number of clients with "Don't Know" or "Refused" recorded for each of the required HMIS data elements in the table below. Similarly, report the number of clients with missing data for each of the required data elements. Each record corresponds to one client served.

Data quality is based on the latest date of service for each client in the reporting period. The information entered in this screen should represent the quality of HMIS data, as well as data collected in a comparable database. If multiple databases are used across a grant, data should be merged for reporting purposes.

**Total number of records for all HPRP clients:** 715  
**Total number of records for Adults Only:** 313  
**Total number of records for Unaccompanied Youth:** 0  
**Total number of records for Leavers:** 555

## 5a Persons Served by Household Type - Homelessness Prevention

**Instructions:**

Report the unduplicated count of all persons who were served in an HPRP program for homelessness prevention during the reporting period. "Served" means that the person had an HPRP program entry or exit date within the reporting period and at least one HPRP service activity (e.g., financial assistance and/or housing relocation and stabilization service).

Each person should be counted in the household type associated with his or her last "homelessness prevention" stay of the reporting period. Age should be calculated based on entry date closest to the end of the reporting period; or if persons were in the program during the previous reporting period, then age should be calculated for the first day of the reporting period.

The household types include:

- a) Households without Children - include single adult persons, or adults with adult companions that have never had a child in their household.
- b) Households with Children and Adults - include any household with at least one adult and one child present regardless of whether the child(ren) is present for the full program stay.
- c) Households with Only Children - include any household where all persons are younger than age 18.
- d) Unknown Type - If age is missing for a member of a household, it is only possible to determine the person's household type if the household already includes at least one adult and one child. Otherwise, these persons should be recorded under unknown household type.

## 5c. Persons Served by Household Type

**Instructions:**

Report the unduplicated count of all persons who were served in an HPRP program for homeless prevention AND assistance during the reporting period. "Served" means that the person had an HPRP program entry or exit date within the reporting period and at least one HPRP service activity (e.g., financial assistance and/or housing relocation and stabilization service).

Each person should be counted in the household type associated with his or her last "homeless prevention or homeless assistance" stay of the reporting period. Age should be calculated based on entry date closest to the end of the reporting period; or if persons were in the program during the previous reporting period, then age should be calculated for the first day of the reporting period.

The household types include:

- a) Households without Children - include single adult persons, or adults with adult companions that have never had a child in their household.
- b) Households with Children and Adults - include any household with at least one adult and one child present regardless of whether the child(ren) is present for the full program stay.
- c) Households with Only Children - include any household where all persons are younger than age 18.
- d) Unknown Type - If age is missing for a member of a household, it is only possible to determine the person's household type if the household already includes at least one adult and one child. Otherwise, these persons should be recorded under unknown household type.

## 6 Households Served

### Instructions:

Report the unduplicated count of all households who were served in an HPRP program during the reporting period. "Served" means that the household members had an HPRP program entry or exit date within the reporting period and at least one HPRP service activity (e.g., financial assistance and/or housing relocation and stabilization service).

The type of household is determined based on the type of persons in the household, considering all program stays within the reporting period.

a) Households without Children - include single adult persons, or adults with adult companions that have never had a child in their household.

b) Households with Children and Adults - include a person in any household with at least one adult and one child present regardless of whether the child(ren) is present for the full program stay. (Rule - If ever a child in the household, always a household with children).

c) Households with Only Children - include a person in any household where all persons are younger than age 18.

d) Unknown Type - If age is missing for a member of a household, it is only possible to determine the person's household type if the household already includes at least one adult and one child. Otherwise, these persons should be recorded under unknown household type.

### Number of Households Served

	Total	Without Children	With Children and Adults	With Only Children	Unknown Household Type
Households	249	74	175	0	0

## 7 Housing Status at Entry

**Instructions:**

Report the number of persons in each housing status category at program entry, recorded by the type of household in which each adult was served. Report all persons served in the program during the reporting period. If a client entered a program more than once during the reporting period, the housing status at entry should be determined based on the status at the last program entry prior to the end of the reporting period.

### Number of Persons in Households

## 8a Persons and Households Served with Homelessness Prevention by Service Activity

**Instructions:**

Report the number of persons (adults and children) and households served during the year and cumulatively since grant execution (GTD or "grant-to-date") with Homelessness Prevention (as determined by client Housing Status at HPRP program entry). Only persons who were entered in an HPRP program and received financial assistance or housing relocation and stabilization services during the reporting period should be reported in the "reporting period" columns.

Note: Persons can be counted in Homelessness Prevention, even if they also received Homeless Assistance during the year, as long as they had two or more distinct program episodes with a housing status of "literally homeless" at one entry (Homeless Assistance) and a housing status of "imminently losing housing, unstably housed, or stably housed" at another (Homelessness Prevention).

For the "reporting period" columns, the total rows should reflect the total unduplicated number of persons who received HPRP assistance during the reporting period (separately reported for Financial Assistance, Housing Relocation & Stabilization Services, and Unduplicated across both) while entered in an HPRP program, a subset of those reported in screen 5. For the "grant-to-date" columns, the total rows should reflect the total unduplicated number of persons who have received HPRP assistance since the inception of the grant through the end of reporting period associated with this APR.

## 15 Client Monthly Cash Income Amount - Adult Leavers

### Instructions:

Report the number of adult leavers in each income category.

Income at entry - Count each adult in the row that corresponds with the amount of income each person had at the first entry of the operating year or annual assessment nearest the first day of the operating year, whichever is later.

Income at exit - Count each adult in the row that corresponds with the amount of income each person had at exit.

Less/Same/More/Unknown Income - Count each adult in the row that corresponds with the amount of income each person had at entry and in the column that corresponds to whether the person's income at exit was less, the same, or more than income at entry. Record the person in the unknown column if income at exit is missing.

Average Change - In each row, calculate the average change in income between entry and exit for the people counted in that row in the "Income at Entry" column. (e.g., report the average change (\$) in income for the people who had no income at entry.) Calculate the average for all clients and report in the total row.

Leavers - The term "leaver" refers to persons who exited and were not in the program on the last day of the reporting period.

## 18 Length of Participation by Homelessness Prevention and Homeless Assistance (Leavers Only)

**Instructions:**

Report the number of persons in each participation length category, recorded separately for Homelessness Prevention and Homeless Assistance. Length of participation should be based on program entry to exit (or the end of the reporting period, whichever is first) of their most recent program enrollment, including days stayed in the program prior to the start of the reporting period.

Also report the average and median length of participation of all persons in Homelessness Prevention and all persons in Homeless Assistance.

## 19 Housing Status at Entry and Exit

**Instructions:**

This screen should only be completed for clients who exited and were not in the program on the last day of the reporting period. If a client is served more than once during the reporting period, housing status data should be based on the information collected during the last program entry and exit prior to the end of the reporting period. All leavers should be reported only once for the entire screen based on a combination of data recorded at entry and exit.

## 21 Financial Information

**Instructions:**

Enter the amount of HPRP grant funds expended for Financial Assistance and Housing Relocation & Stabilization Services during the reporting period. Also enter the cumulative value expended for each activity type since the grant inception.

Remember that "Grant to Date" represents the time period from the date the grant started in 2009 until September 30, 2011. Therefore, the amounts entered in the "Total Grant to Date" column should represent the total amount expended as of September 30, 2011.

## 22 Significant Program Accomplishments

**OPTIONAL:** Please describe any significant accomplishments achieved by your program during the reporting period.

**Maximum Characters: 2000**

The Cincinnati Hamilton County Continuum of Care for the Homeless' (CoC, Inc) HPRP Program received the 2011 Director's Award for Excellence in Housing and Community Development from The Ohio Department of Development in recognition of "significant advancements in preventing homelessness". Since the inception of the HPRP Homelessness Prevention Program, fewer than 3% of households served have ended up in a homeless shelter in the 12 months following their participation.

## 23 Program Description

**Describe the following elements of the HPRP program design and implementation.  
Include any changes made since the beginning of the program.**

### **Homelessness Prevention**

Maximum Characters: 2000

The CoC, Inc designed and implemented the local HPRP programs, and is administering all HPRP funding for the City of Cincinnati and Hamilton County. The Prevention Program, developed in collaboration with the United Way of Greater Cincinnati is a short-term program in which a household can receive financial assistance along with case management for up to 3 months. Six United Way-funded emergency assistance centers and one faith-based agency offer case management, and since the United Way supplements staffing costs, the use of HPRP funds for direct financial assistance is maximized. The HPRP Coordinator facilitates bi-weekly case manager meetings and monthly supervisor meetings for all HPRP agency staff.

The Central Access Point (CAP) is our community's central access system for emergency shelter. When callers contact CAP they are screened to determine if they are literally homeless and in need of shelter or at-risk of homelessness and eligible for the HPRP Homeless Prevention Program. Those who qualify for the HPRP Prevention funds are electronically referred to an HPRP agency via VESTA®, our local HMIS, where a case manager conducts a full assessment of the household's needs and verifies required documentation to make a final eligibility determination. Upon entry into the program, participants and case managers develop a case plan which details how homelessness will be prevented and housing stability achieved. Requests for financial assistance are submitted via VESTA, and the CoC, Inc bookkeeper reviews and processes payments in one business day. All case notes, supporting documentation, and financial assistance requests are recorded in VESTA.

The HPRP Program has also partnered with the Legal Aid Society of Greater Cincinnati so all households in need of legal assistance related to their housing problems are able to receive it.

### **Rapid Re-Housing**

Maximum Characters: 2000

N/A

### **Collaboration with Continuum of Care**

Maximum Characters: 2000

The CoC, Inc, the local CoC Lead Agency, designed and implemented the local HPRP programs, and administers all HPRP funding for both the City of Cincinnati and Hamilton County, similar to how the City and County plan for and administer homeless housing and services in a combined effort through the local Continuum (OH-500). ARRA/HPRP funding has been blended into the current activities of the Continuum. The success of the HPRP Rapid Re-Housing programs has prompted two CoC agencies to request funding through the 2011 CoC grant application to start RRH programs once the HPRP funds are exhausted. In addition, the HPRP Prevention Program is being used as a framework in developing the new ESG homelessness prevention program. The CoC, Inc is collaborating with both CoC and non-CoC agencies to design and implement the new program.

**Collaboration with other ARRA programs**

Maximum Characters: 2000

The CoC, Inc, is working with both the City of Cincinnati and Hamilton County to coordinate funding in the community, and to ensure that the needs of the homeless are considered in the allocation process. The following have been accomplished with CDBG-R funds: 11 separate improvement projects within local emergency shelters, ranging from a new roof, to added shower facilities, to improved kitchen facilities. Also, in an effort to maintain current shelter capacity, and at the request of CoC, Inc, Hamilton County continued to provide CDBG-R funds to the Mt. Airy Shelter, which had previously been scheduled to close due to budget cuts. Additional services for the homeless were funded with CDBG-R, including the YWCA (DV shelter and abuse and homeless protection program), and Cincinnati Union Bethel (both for the Anna Louise Inn PSH program and Off-the-Streets emergency shelter for single women). The improvements and preservation of homeless shelters in our community with ARRA funds allow the households served in the RRH programs to continue to have a safe place to stay while working to secure permanent housing. Attempts have been made to collaborate with the local Workforce Investment Board (recipient of ARRA funds) but due to the overwhelming need for employment services in our community, it has been challenging to form any meaningful collaborative agreement. HPRP program participants seek assistance from the local WIB but have been generally unsuccessful in getting services.

**Barriers to and challenges with effective implementation**

Maximum Characters: 2000

The most significant barrier to implementation of this program is the difficulty clients face in obtaining enough income to sustain their housing after financial assistance ends. The local unemployment rate is almost 9%; few permanent, full-time jobs are available for low-skilled workers and pay is inadequate. Local employment readiness agencies have fewer resources to assist an ever-growing population in need. Securing affordable and subsidized housing is also a significant barrier for the households served in our programs. Data analysis showed that most people entering our homeless shelters were entering from doubled-up situations and in an attempt to target those most likely to become homeless and most in need of the case management and financial assistance provided by HPRP, we increased the number of households served in the Prevention Program coming from doubled-up situations by 100%. The barriers these households face are often greater than those who enter the program already in housing. It is challenging to find landlords willing to rent to these households because they often have little to no income and tend to have evictions and utility arrears that prevent them from securing housing quickly. The local PHA occupancy rate is 92% and the Housing Choice Voucher waiting list is closed. It opened for a few days in 2011 for households to apply to be put on the waiting list which will take years to process. Other project-based subsidized housing options also have significant waiting lists and are generally not the best resource for quickly resolving a housing crisis.

**Grantee's process for oversight and monitoring of sub-grantees/contractors**

Maximum Characters: 2000

The CoC HMIS lead agency, The Partnership Center, completely customized our local HMIS, VESTA, to be used for all HPRP programs. CoC staff collaborates with them on annual data monitoring visits to ensure that program data in HMIS is complete and accurate. All Prevention and RRH agencies utilize VESTA for case management and financial assistance requests by scanning and attaching financial assistance requests and supporting documentation. The use of a centralized database allows the HPRP funds to be monitored and administered efficiently and effectively. CoC staff is responsible for verifying all required documentation prior to issuing financial assistance. This method allows for improved oversight of the funds to ensure that only eligible households receive assistance and that the assistance is appropriate. Further monitoring including file review and site visits occur annually. Site visits with partner agencies were completed in 2010 and will occur again in late 2011. Additionally, bi-weekly case manager meetings and monthly supervisor meetings occur so that all partners can communicate about the program and all are kept up to date on any new HUD HPRP information.

## 24 Additional Comments

**OPTIONAL:** You may use this space to provide any additional comments on areas of the APR that need explanations.

Maximum Characters: 2000

HPRP funds are supplemented with United Way and private donor funds to pay for case management. This is why you will see on section 8a that fewer persons and households are counted in the case management field than in the financial assistance field. All households receive case management services but only HPRP funded case management services are reported in the APR.

## 25 Submission Certification

### HPRP Homeless Management Information System (HMIS) Data Certification

As stated in the HPRP Notice, "The Recovery Act requires HPRP grantees to report client-level data, such as the number of persons served and their demographic information, in a Homeless Management Information System (HMIS) or a comparable database." The Notice further states, "HPRP grantees and subgrantees providing financial assistance and services directly will use the HMIS in the applicable Continuum of Care to collect data and report on outputs and outcomes as required by HUD."

The purpose of this screen is to certify to HUD that grantees are compliant with the HPRP Notice. The grantee should work with the HMIS Lead to certify all information contained in this HPRP APR was generated by an HMIS or a comparable database, where appropriate.

Please complete one (and only one) of the following:

All of the data on persons and households served in this APR was pulled from an HMIS  Yes

Some of the data on persons and households served in this APR was pulled from an HMIS

None of the data on persons and households served in this APR was pulled from an HMIS

If all data contained in the HPRP APR was NOT pulled from an HMIS, please explain why below:

(Reasons may include DV agencies using a comparable database, etc.)

Maximum 2000 characters

The Name of the Authorized Grantee Official should be the same as submitted in the HPRP Substantial Amendment, unless there has been a change.

**Name of Authorized Grantee Official** Christian Sigman

**Title/Position** County Administrator

I hereby certify that all the information stated herein is true and accurate. I understand that HUD will prosecute false claims and statements and that conviction may result in criminal and/or civil penalties (pursuant to 18 USC 1001,1010,1012;31 USC 3729,3802).
