RE: Hamilton County Board of Building Standards

Commissioners have the responsibility to appoint members to several Boards and Commissions, providing oversight to many important organizations and initiatives in Hamilton County. One of these Boards, the **Board of Building Standards**, has one open position for a Structural Engineer.

The Board of Building Standards is responsible for formulating and adopting the rules and regulations governing all buildings and structures in Hamilton County not under the jurisdiction of the Ohio Board of Building Standards, as well as bringing forward recommendations to the Board of Commissioners when necessary to update the Hamilton County Building Code.

The current opening on the Board of Building Standards is for a Hamilton County resident with professional experience as a Structural Engineer. The position is for a five year term, to expire February 2, 2020. In the coming weeks, Commissioners will be collecting and reviewing applications for the Board of Building Standards in anticipation of appointment at our February 11 Commissioners' meeting.
