

Hamilton County Administrator's Office

Interdepartmental Memorandum

To: All Hamilton County Employees

From: Patrick Thompson, County Administrator 

Date: October 13, 2010

Re: Broadway Commons Parking

This memo provides information concerning the Broadway Commons parking location. Beginning November 1st this privately owned facility will close due to the construction of a casino at the site. Many County employees and visitors to various County buildings use this parking location.

If you currently park at Broadway Commons, this memo provides alternative parking information as well as public transit information. The attached map identifies parking locations within walking distances from the County buildings. Additional parking information is available on the Downtown Cincinnati Inc. website at www.downtowncincinnati.com. One location we recommend is the County owned Parkhaus Garage located at 1123 Sycamore. The cost is \$90 per month for an unreserved space or \$120 per month for a reserved space. Please contact Mark Maxwell, Allpro Parking, at 946-2428 if you are interested in the Parkhaus.

Additionally, it is anticipated that the Cincinnati Public Schools will establish paid parking at the recently closed School for Creative and Performing Arts (13th Street & Sycamore Street).

Please note that the Pendleton neighborhood north of the Broadway Commons lot is petitioning the City of Cincinnati for a residential parking district. Please be mindful of the parking challenges of this community during the construction period.

SORTA information concerning communities served in the region is available at:

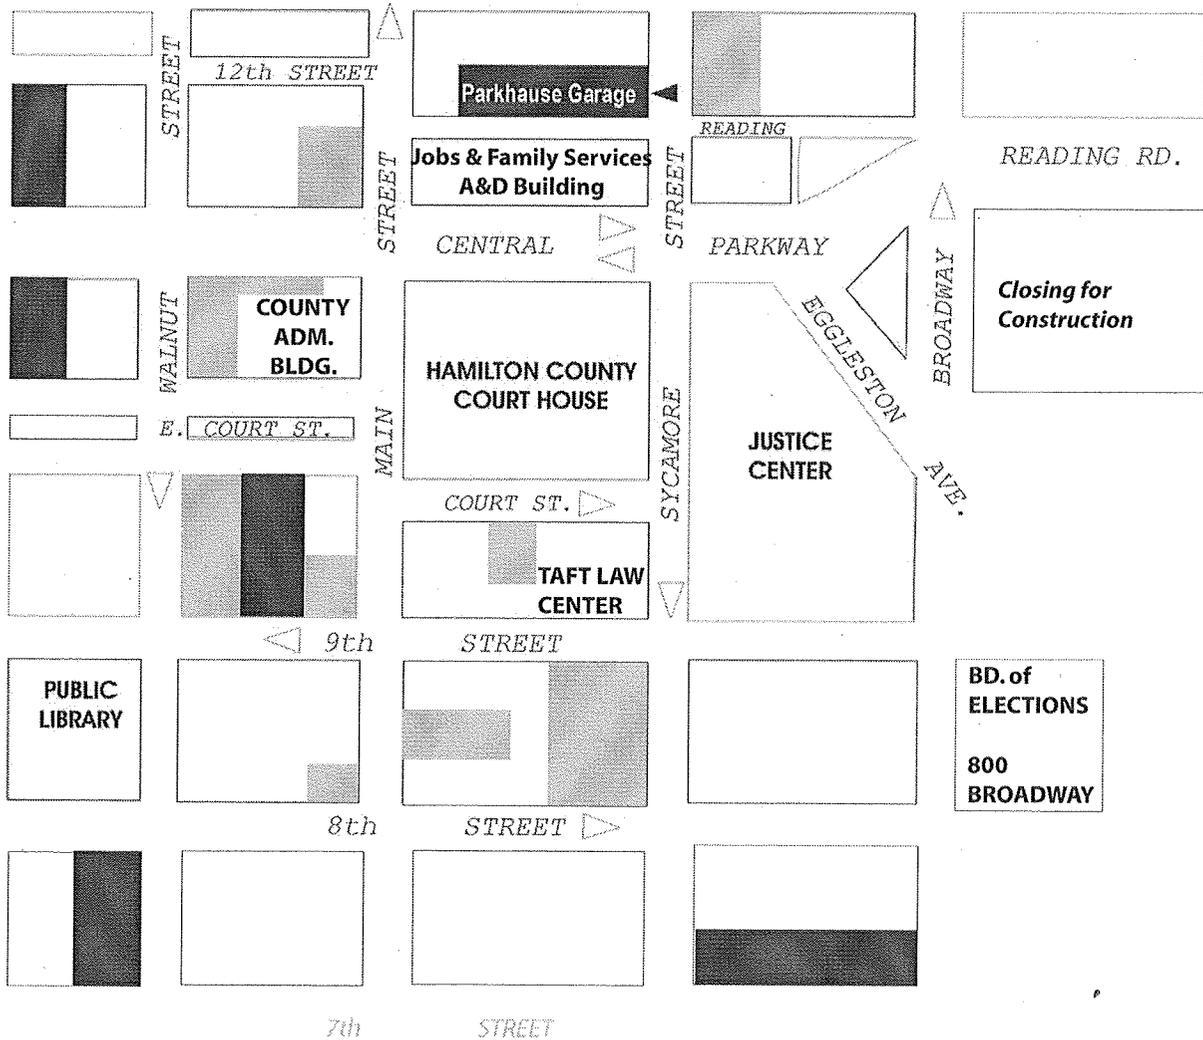

<http://www.go-metro.com/communities.html>

As we receive more information from the casino developers, we will share this with you.

Parking Options

Note: The Broadway Commons parking lot will close Nov. 1, 2010 for construction of the new casino
