### Key Activities/paperwork for : Help Me Grow

The following documents and activities would support a seamless transition from Help Me Grow to preschool.

**Promoting Our Preschoolers** is a program dedicated toward working with **Price Hill** parents to get their children ready for kindergarten and continued success in school. The **Promoting Our Preschoolers** program provides

- Home-based services to families and their preschool age children focusing on early child development.
- Monthly parent/child group
- Weekly parent support group
- Developmental assessments
- Parent support and education
- Advocacy
- Referrals to community resources and specialized services

When possible a transition meeting is our best practice. It is also helpful if the family advocate is invited to the IEP meeting for a child who will be receiving a preschool IEP. This helps with a smooth transition. Eligible children are between the ages of 2 ½ -kindergarten that live in the **Price Hill area**.
