HAMILTON COUNTY SCHOOL DISTRICTS ANNUAL MEASURABLE OBJECTIVES (AMO)

AMOs measure the academic performance of specific groups of students, such as racial and demographic groups. Each of these groups is compared against the collective performance of all students in Ohio. This will allow us to determine if there are gaps in academic achievement between groups of students. This component will review 10 student groups in reading, math and graduation rate and assign a grade for efforts to close achievement gaps in all groups.

HAMILTON COUNTY SCHOOLS 2013 Annual Measurable Objectives (AMO)

Annual Measurable Objectives (AMOs) measure the academic performance of specific groups of students, such as racial and demographic groups. Each of these groups is compared against the collective performance of all students in Ohio. This determines if there are gaps in academic achievement between groups of students. Ohio has made strides over the years to reduce these gaps. However, much work still is needed to eliminate achievement gaps and bring all students up to the same high level of achievement.
