

Hamilton County

What is ARCHIBUS?

ARCHIBUS is a facilities management suite of applications including Equipment, Fleet, Space, Work Orders, Service Requests, Training Schedules, Project Management and Energy and Risk Management.

What are Shared Services?

County Facilities provides ARCHIBUS Shared Services to other departments that want to utilize commonly used applications at no additional cost. Equipment and Fleet are commonly shared due to ease of use and integrated Inventory Reports configured specifically for the County Auditor.

What does it cost?

There are no annual fees for BOCC departments; non BOCC departments pay an annual fee. Any database customizations are fee based and quotes can be provided for level of effort.

How can my department join?

Contact Tim Schuh (6-5028) tschuh@cms.hamilton-co.org for detailed information, live demonstrations and recommendations.
